

# Marine Sunroofs | Series 20

A roof solution for every boat

## Series 20

A very economical solution for more light and fresh air on board. The Series 20 is a manual sliding marine roof, delivered as a pre-mounted solution with all the necessary hardware for a quick and easy installation. The Series 20 provides a very large opening and a completely watertight seal.

Based on over 75 years of automotive research and development, the design and engineering of the Series 20 is reliable and built to stand up against tough marine conditions, ensuring customers safety and enjoyment.

### Product Features:

- Large opening for more light and fresh air
- Watertight sealing
- Fast and simple installation
- Robust and quality-tested design
- Easy to operate
- Stepless locking-system

## Series 20. One size fits all.

### Technical Specifications

Frame Material	Aluminum
Panel Material	0.3 in (8 mm) Tempered Safety Glass (Grey Tinted)
Sliding Rail Material	Aluminum
Overall Dimensions	78.5 x 39.8 in (1,995 x 1,010 mm)
Cut-out Dimensions	39.8 x 37.6 in (1,010 x 955 mm)
Height - Roof Closed	2 in (50 mm)
Height - Roof Tilted	3.1 in (79 mm)
Operation Mode	Manual / Stepless Locking
Opening Dimensions	31.5 x 31.5 in (800 x 800 mm)
Weight	Approximately 100 lbs (Approximately 45 kg)

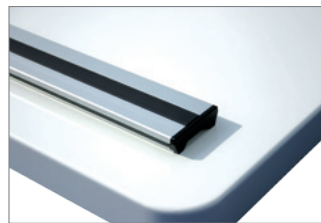

All dimension +/- 0.4 in (10 mm). Technical specifications are subject to change without prior notice.

### Optional:

- Sunblind / Fly Screen
- Panel Cover
- Spoiler

### Quality in Motion:

Seawater resistant materials, extremely robust sliding mechanism and a safety glass panel are key product advantages to ensure reliability and function over a long period of time and in challenging marine environments.
